

**National Association of Retired Firefighters**  
**President John Littleton Secretary/ Treasurer Mike Halley**

This is the Membership report for the National Council Meeting for October 2024.

**NARF News**

Over the last few editions of the NARF News we have seen a reduction of the NARF News being returned on average this has worked out to about 15 per edition which is a massive reduction from the 200 to 300 we use to get back.

Most of the returns are from those that have passed away.

**Membership**

National Membership is at present steady with membership Number we are losing but some branches have been recruiting to replace them.

I do have a concern that we are sending new members to branches but they don't seem to be coming back to us.

At present only 11 Branches are in the black with the rest of them in minus figures.

A full report will be issued at the end of the year

**Photo ID Cards**

Following the article in the last Edition of the NARF News the photo ID cards have gone down well with the members.

I will on the day of the meeting bring with me the latest figures.

President, Council Members I submit this report for your approval

*J. Littleton*
