To all retired Fire and Rescue Service personnel

October 2026

I am the founder of Fire-Aid International (not to be confused with the charity Fireaid) and we carry out all kinds of marine firefighting training and action; our website is: www.fireaid.com

We have several retired and current firefighters who attend vessels for training, but we urgently require more to help with a situation overseas. This would suit recently retired personnel.

Payment is good and our fire personnel are always very pleased that they can use their firefighting expertise to help improve the knowledge of seafarers. However previous marine experience is not essential as it is basic instruction that is required on ships.

Our instructors remain as self-employed contractors and are paid for each ship that they attend. This can be for a few days or a few weeks.

If you are interested in a new fire related challenge, please would you kindly call me on 01425 402430 (or 07860 914650 but the signal is not too good in the 'sticks').

I can then tell you what it's all about. Please have a look at our website.

I hope to hear from you soon.

Kind regards.

Simon Rowley
